Summer Study

That "knowledge is power" was never so true as now. The young man or young woman who wants to achieve something to rise above the average level, must be armed with knowledge. So armed and equipped with the practical way to apply it, means ultimate victory.

During the summer months our efforts in this direction are arranged as follows: Normal Classes for Teachers & Students in the commercial department every day during the holidays.

Special Individual Tuition Classes every Tuesday, Thursday and Saturday evenings.

Civil Service and Regular Classes commence August 1st. These classes embrace subjects for both the preliminary and qualifying C. R. exams, besides the regular curriculum.

All these classes are personally instructed by Principal J. W. Clarke, graduate of the McMaster University, Toronto, and an earnest endeavor will be made to get at the very heart of the different subjects in a pleasant yet serious manner.

This will be much helped, especially in hot weather, by our airy, comfortable and spacious suite of rooms. Ask for particulars.

FINDING NEW HOMES

CANADIAN-AMERICANS EN ROUTE TO MANITOBA

A Party Passed Through Ottawa To-day—Rev. Father Corbell Talks of His Work of Colonization

Rev. Father Corbell, who is employed by the Dominion government for the repatriation of French Canadians in the United States, arrived in the city from Montreal yesterday.

He left for Manitoba this afternoon, with between twenty-five and thirty farmers, some of whom are residents of the United States, and other Canadians. The men are going west for the purpose of selecting suitable homes for themselves, and when all arrangements are made they will return east to take out their families to the new farms, and settle the land.

Most of the farmers started to-day from Montreal, while several of the party took the train here with Father Corbell.

In conversation with The Journal, Father Corbell stated that he had not been in Manitoba for two months, but that he had lately been travelling in Michigan, Ohio and Wisconsin, and had also taken a trip through New York state.

"During my stay in the west," said Father Corbell, "I visited Houghton, Chassell, Ishpeming, Marquette, Bay City, Detroit, Toledo and a number of other places, while in the east I took in Ogdensburg, Carthage, Philadelphia, Castorland, Croghan, Tupper Lake and several more towns.

Many Are Willing. "Everywhere I went I found many willing to try their fortunes at farming in Manitoba. Among the number of farmers who are now coming with me to Manitoba several have decided to stay in St. Boniface on the lands that Archbishop Langevin holds out to farmers to come and settle upon.

Sixty thousand acres in all are included in these lands, and as each man on settling receives one hundred and sixty acres, there is comfortable room for three hundred and seventy-five farmers and their families on the archbishop's land. This same land was once sold at \$25 per acre, and to-day it is valued at \$12 per acre.

"Moreover, it is all situated from one to six miles from Winnipeg, and thus the farmer is afforded a near market for disposing of his wares at every season of the year. We ask the farmers to come into our land, build a home for himself and family, buy horses, cattle, farm implements, etc., and receive 150 acres of the St. Boniface or land belonging to the Episcopal corporation.

"We give the same advantages to a farmer as he would receive when taking a homestead. We don't want money, either interest or capital, before the third year the land has been settled."

An Instance. "Mr. O. Rochon of Hartwell," Father Corbell said, "went out to Manitoba on the 29th of June last and has given the most favorable reports about the place. He bought from Archbishop Langevin, at a reduced price, a 500-acre farm, called the Syndicate, with farm implements and live stock included. This farm is situated at La-Belle, sixteen miles from Winnipeg, and the late Archbishop Tache paid \$14,000 for it.

"Mr. Rochon has now returned and is settling up all his affairs preparatory to taking out his family of seven boys and three girls to his farm in Manitoba, where he intends to reside in future."

Travelling Expenses High. "During my tours I find lots of people who desire to come to Manitoba, but who have very little money and very large families. If they started for Manitoba the expenses of travel would eat up all their money, and leave them without a cent on which to start their farms. I intend soon to ask the government to advance to such farmers as these the necessary money for paying the fares of themselves and families to Manitoba, and when these people become properly settled, they can return the money to the government in small instalments. Some two or three farmers of the number with me who are now coming out west, intend visiting the farms of Minnesota, and Dakota, but I shall also have them see the best farms in Manitoba with a view to their staying in that country.

"Some time ago I received a letter from Croghan, N. Y., signed by fifteen or twenty farmers who wished to send two delegates to Manitoba to visit the farms and make suitable selections for them.

"This letter I showed to Mr. McNiel of Montreal, general passenger agent of the C. P. R., who gave two passes over the C. P. R. to the delegates, and Mr. Jules Pate and Mr. Jules Monnat are the names of these delegates from Croghan.

Many Settlers. "This is," he added, "the best year for French colonization that Manitoba has ever seen. A steady stream of immigration is at present flowing out west, and one very good feature of it is that each person included has money enough to buy a farm. The government assists us in our efforts as well as we can desire.

"Letters are being received from the United States every day from farmers desiring to go to Manitoba," concluded Father Corbell, "and I shall endeavor to have all these parties come out next spring. In a few months' time I shall return from Manitoba and will then make a journey through New Hampshire."

A DISTINGUISHED CAREER

The Late C. B. Turgeon Frequently Recognized by Notables

The funeral of the late Charles B. Turgeon, who died suddenly of heart failure at his home on Main street, Hull, Saturday morning, took place yesterday afternoon at three o'clock, from the residence of his son, Mr. Charles E. Turgeon, 647 Rideau street, to Notre Dame cemetery. Services for the dead were conducted in the chapel of Ottawa university. Rev. Father Howe being the officiating clergyman, and the "Libera" being sung by the choir of St. Joseph's church. The funeral being of private nature, there were no pall bearers.

Among the friends of the deceased who attended were noticed Hon. H. W. Scott, secretary of state; H. Robillard, ex-M. P., ex-Mayor Frank McDougall, Mr. Joseph Boyden and Mr. J. B. Jackson.

There were several floral tributes sent by friends, one of which was a cross from Mr. F. Hagan and the Misses Hagan, and another, a wreath, from Mrs. J. D. Henderson, of New York.

The late Mr. Turgeon was commissioner of public schools in Ottawa, then Iyctown, in 1852, and was also one of the founders of the Ottawa Canadian Institute.

Elected Mayor of Bytown in 1853, he succeeded in having the Separate School Bill passed, and in getting a grant from the government for the Grey Nuns. During his term of office, he received Admiral de Bevelise, representative of the French navy under Napoleon III. In return for kindnesses shown his representative while in this place, Napoleon sent Mr. Turgeon a volume of works for the library of the Canadian Institute.

Mr. Turgeon also received Mr. Redini, the Papal Nuncio, and Lord Elgin, Canadian Governor-General. He organized the 1st Volunteers, Canadian Company, No. 2.

Other Recognition. In recognition of services rendered in the cause of the separate schools, Pope Pius IX created him a commander of the Order of St. Gregory the Great.

Mr. Turgeon leaves two sons and two daughters to mourn his loss. The sons are George, manager for Cook Bros., lumber firm, and Charles E., of the finance department. One of his daughters, Mary, is widow of the late William Washburn, formerly registrar of Ottawa county.

Victorian Order of Home Nurses Endorsed. The management of the Victorian Order of Nurses are receiving many letters in endorsement of the scheme. The following is one received from a French district school near Ottawa:

"The children of my school cannot pass this occasion to do something for Queen Victoria. Not being rich but having the will to aid the poor they send you the amount enclosed. They are all young children, the eldest being twelve years of age, but when I read them the letter from Her Excellency the Countess of Aberdeen, they all shouted that they were ready to do something for our good and noble Queen. I send you the names of givers.

Here follows the names and ages of fourteen little ones, all French. Returns are now beginning to be received freely from schools at all distances, but New Brunswick is coming to the front rather prominently in this respect. The average contribution for one hundred is a dollar ten (\$1.10) per school.

SAME OLD STORY. Michael Hayes, from Low town, reported to the police yesterday that his watch was stolen Saturday night. Hayes missed his train for the Gatineau and went into the lumber yards to sleep. When he awoke early Sunday morning his watch and money were gone.

THE SMALL BOY AGAIN. Two little boys, sons of Mr. W. Connolly, who resides at Clarke's Station, near Bryson, went out to play last week, while their father was enjoying a short rest after dinner. One of them, not knowing what he did, started a fire on the stable floor, and in a very short time all the barns and other out-buildings were in flames. Nothing could be done; they were all destroyed, together with machinery, etc. There is no insurance, so Mr. Connolly's loss is heavy.

MANOTICK. An Ottawa Resident a Party to a Pretty Wedding. July 19.—Most of the farmers in this district have commenced haying, which they report a very light crop.

The long looked for rain, which came on the 11th inst., has greatly revived the crops, giving them a brighter appearance.

Private wedding was solemnized in St. Bridget's church, Osgoode, on Wednesday, July 14th, when Mr. Joseph Purcell of Ottawa led to the altar one of our fairest maidens in the person of Miss Katie McNeely. The bride was assisted by her sister, Sarah, while the groom was supported by his brother, Mr. P. Purcell. The happy young couple left on the 3 p. m. train amidst showers of rice and old slippers with them the goods wishes of a host of friends.

Laurier Causes Comment. New York, July 20.—"There is," said Perry H. Belmont, "a great deal said in Paris and London about the rebuff Sir Wilfrid Laurier's government got from President McKinley, when vaguely suggesting to him treaty arrangements between Washington and Ottawa somewhat like the Marcy-Eight treaty of 1854. Laurier's warm and even passionate allusion in England to Lord Elgin as the best friend Canada ever had has now a significance as marked as were the words uttered at Liverpool by the Duke of Devonshire, president of the British Empire League, on the occasion of the banquet to the colonial premiers.
