But, on the other hand, the Society has gained eleven new members. The active membership is 181 while in 1891, it stood at 184. Six gentlemen were made corresponding members, viz., General James Grant Wilson, New York; J. G. Bartholomew, F.R.G.S., London; Wm. L. Stone; Rev. Moses Harvey, LL.D., F.R.S.C.; Charles W. On motion of Cyr. Tessier, Esq., seconded by Col. J. E. Prower, the Council report was unanimously adopted.

Mr. Peter Johnston moved, and Mr. W.A.

Tessier, that the Librarian's report be adopted, save that portion recommending the purchase of written works of fiction, leaving to the Council to purchase such works, as they deem fittest for the object of the Society, as formerly. The amendment was carried. The following letter, sent, in by James M. LeMoine, Esq.; was read in connection with this subject:—

SILLERY, 13th January, 1892. To the President and Members of the Literary and Historical Society of Quebec, in Annual General Meeting Assembled. MR. PRESIDENT AND GENTLEMEN,

Association was formed, many and many years ago, at the Chateau St. Louis, under the auspices of the Earl of Dalhousie, our Governot General, the aim of the founders was not to found for the citizens of Quebec

ciation, of Hamilton, Ontario, Wentworth, Historical Society of Hamilton, Ontario, Cercle Catholique of Quebec, and our own.

The Royal Society of Canada held its tenth general meeting in May, at Montreal. This was the first time that that body ever held a meeting away from Ottawa. The session was largely attended, and there were many delegates from other learned bodies, from all parts of Canada and the United States. The Literary and Historical Society of Quebec was represented by Vice-President, the Very Rev. R. W. Norman, D.D., D.C.L., Dean of Quebec, who presented a report, which the Royal Society will print in its yearly volume of proceedings.

Last year, we published a volume of transactions, covering the sessions of 1889 to 1891.

# Littell's Living Age

A STHE LIVING AGE approaches its jubilee, it is concerning it by Mr. Justice Story upon reading the prospectus in April, 1844. He

then said:—
"I entirely approve the plan. If it can obtain
the public patronage long enough, it will contribute in an eminent degree to give a healthy tone,
sot only to our literature, but to public opinion.
It will enable us to possess, in a moderate compass,
it sells tibrary of the best productions of the age."
That THE LIVING AGE has fully justified this
forecast is proved by the constant praises
which, during all the years of its publication,
have been bestowed upon it by the press, some
of the more recent of which are given below. A WEEKLY MAGAZINE, it gives more than

Three and a Quarter Thousand double-column octavo pages of reading-matter yearly, forming four large volumes. It presents in an inexpensive form, considering its great amount of matter, with freshness, owing to its weekly issue, and with a completeness nowhere

Quebec. ANNUAL MEETING. 13th January, 1892. The annual general meeting of the Literary and Historical Society of Quebec, was held on Wednesday morning, 13th instant, in the Library of the Society, at ten o'clock. There was a good attendance of members, Dr. Stewart, F.R.G.S., President, in the chair. After reading the minutes of the last monthly meeting, the Council Secretary, W. C. H. Wood, Esq., submitted the annual report of the Society for the past year:—

LITERARY AND HISTORICAL SOCIETY OF QUEBEC.

ANNUAL REPORT. QUEBEC, January 13th, 1892. The Council of the Society submit herewith, for the information of the members, their annual statement, for the year 1891. this report are appended the returns of Treasurer and Librarian, which, it is hoped, will prove satisfactory. By death, the Society lost last year, two of its most the Society lost last year, two of its most prominent members, citizens of high character and integrity, viz :—Chief Justice, the Hon. Sir Andrew Stuart, and J. W. Bunscomb, Esq., for many years Collector of Customs at this port. Both gentlemen were closely identified with the fortunes of the closely identified with the fortunes of the Society in earlier days, and up to a very short time ago, their zeal and interest in the aims of the Society, were unabated. Sir Andrew Stuart was ever willing and eager to advance the cause of historical research, and the study of letters. Mr. Dunscomb was always in call, and his great abilities, allied to a fine literary taste, were at the disposal to a fine literary taste, were at the disposal

During the year, a tourse of lectures was seld in the rooms of the Society, and ttracted very good audiences. The President, held in the rooms of the Society, and attracted very good audiences. The President, Dr. Stewart, opened the course, on the 27th January, with an address on the life and writings of Dr. Oliver Wendell Holmes. On the 10th March, Mr. F. C. Wurtele, Librarian, read a paper on The English Cathedral of Quebec. He was followed on the 26th of March by Mr. W. C. H. Wood, Council Secretary, who lectured on Novels. Mr. Archibald Campbell, N.P., one of the Vice-Presidents, read a paper on the 31st March, on the Royal William, the pioneer of cean steam navigation, and Mr. W. A. Ashe, F. R. A. S., Corresponding Secretary, closed the lecture season, on the 17th April, with an account of a trip to Labrador, with notes on the projected Labrador Railway.

The Council, on the recommendation of Archibald Campbell, Esq., loaned to the great Naval Exhibition held in England in May, the model of the Royal William, the first steamer to cross the Atlantic by steam alone. The Royal William was built in Quebec City, and the model was presented to the Society many years ago. It attracted and to steam attention at the Exhibition and the

Quebec City, and the model was presented to the Society many years ago. It attracted much attention at the Exhibition, and the Honorary Secretary, Captain 3n Alfred Jephson, R.N., thanked the Council for the privilege of placing so appropriate and interesting a relic on view.

All the Historical Societies of Canada have All the Historical Societies of Canada have done good work during the past year, and very many papers of great historic interest have been read in each. Most of these have been published in the Transactions and Proceedings of the several bodies. The principal Historical Societies in the Dominion are the Royal Society of Canada, the Historical Society of Nova Sectia, the Historical Society of New Brunswick, the Historical Society of Manitoba, the Society of Manitoba, Society of New Brunswick, the Historical Society of Manitoba, the Society of Canadian Literature of Montreal, Societa Historique of Montreal, Numismatic and Anti-quarian Society of Montreal, Society of His-torical Studies of Montreal, Cerole Littéraire Français of Montreal, Institut Canadien of Quebec, Canadian Institute of Toronto, Liter-Quebec, Canadian Institute of Toronto, Literary and Scientific Society of Ottawa, Institut Canadien-Francais of Ottawa, Hamilton Association, of Hamilton, Ontario, Wentworth, Historical Society of Hamilton, Ontario, Cercle Catholique of Quebec, and our own.

The Royal Society of Canada held its tenth general meeting in May, at Montreal. This was the first time that that body ever held a

Last year, we published a volume of transactions, covering the sessions of 1889 to 1891. Separately were also published a copious index of the lectures, papers and historical documents published by our Society, with a list of the impublished papers read before the Society, from 1829 to 1891,—the work of our indefatigable Librarian, Fred C. Wurtele, Esq.,—and journal of the voyage of the Brunswick Auxiliaries from Wolfenbüttel to Quebec, by F. V. Melsheimer, Chaplain to the Duke of Brunswick's Dragoon Regiment, Minden, 1776. The Journal was presented to the Society by Wm. L. Stone, Esq., of Jersey City, N.J., author of the Life and Times of Sir Wm. Johnson. For the translation, into English, of the first part, we are indebted to Mr. William Wood, Council Secretary. Mr. Stone furnished the translation of the second part. The Society hopes to be in a position to publish a volume of transactions this year siso.

Several new hooks and periodicals have been added to the library, and a handsome new carpet has been put down. The room is now heated by hot water. These evidences of prosperity have only been realized by the strictest economy, and the Council hope that the members will strengthen them, by inducing citizens who are not now enrolled in our books, to send in their names for membership. Our library is rich in books, manuscripts and valuable historical documents, the reading room is well supplied with first-class periodicals, in English and French, the museum, though small is interesting, and the course of lectures, annually provided, should attract the cultivated and studious. Members pay but four dollars a year for these privileges, and there is no

passed away.

The Council hope that the Government will see its way to continue the grant of five hundred dollars, this year, as usual.

On Thursday, the 15th of November, 1891, by special invitation, the President represented the Society at the sented the Society, at the ceremony of unveiling the memorial erected by the citizens of Quebec, to the memory of the late Major Charles J. Short and Staff Sergeant G. Wallick, of "B" Battery, Canadian Artillery. The exercises marked a deed of heroism which the people of Quebec will long remember with gratitude and pride.

In conclusion, it may not be out of place to mention here, that during the past year, the President has answered the following number of historical queries, viz., seventy United States, nineteen from the British Isles, two from Calcutta, one from Spain and

part of them necessitated careful examination of au thorities, and various public documents GEORGE STEWART, WILLIAM WOOD,

written works of fiction of high standard, the Librarian would suggest that bound copies of such works be procured as soon as possible after their publication. The mainstay of the Society is the library, and there being no restrictions in either the charter or by-laws concerning the purchase of books, the requirements of the members should at least be favorably considered by the new Council. A card catalogue has been commenced and so far 2,000 volumes have been entered and numbered. There are still some 12,000 remaining to be done, and the work, which far 2,000 volumes have been entered and numbered. There are still some 12,000 remaining to be done, and the work, which was stopped by the alterations to the room, will be resumed at once and pushed on as expeditiously as possible. According to new arrangements with the lessors a hot water heating apparatus has been placed in registion, which logether with the new car-

water heating apparatus has been placed in position, which, together with the new carpet has added greatly to the comfort and appearance of the library, and it would be a further improvement were the tables recovered in leather.

The model of ss. Royal William loaned to the Royal Naval Exhibition has arrived by ss. "Toronto" and will be in its cld place to morrow.

In venturing so far, I think I am expressing the views of several members, but also of a larger class of outsiders; students of science and history; Historical Associations spread over the whole continent, who each year enquire for and purchase the historical publications put forth by our Society.

As one of the oldest members and one whom you have honored with your confidence, I am proud to say—and who, I hope has not forfeited it, I beg to protest formally against the introduction in the library of light novels of the day and ask for a vote of the members on this point, if necessary.
